DETAILED ACTION

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions, which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-17, 24 and 26, drawn to a phase lock loop for generating a clock signal based on the phase and frequency difference between input and output clock signals, classified in class 375, subclass 373+ (phase locking).

 Group I! claim(s) 18-23, 25 and ~~28~~³¹ are, drawn to a current switching circuitry (claimed digital-to-analog converter circuit having a plurality of current switch circuit in claim 25), classified in class 327, subclass 100+ (signal generating, switching, shaping or converting).

2. The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The circuitry in group one, for clock phase and frequency correction (PLL) is not required by the switching circuitry claimed in Group II and vise-versa.

3. A telephone call was made to Mr. Melvin Kraus (Reg. # 22,466) on January 21, 2003 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tesfaldet Bocure whose telephone number is (703) 305-4735. The examiner can normally be reached on Mon-Thur (7:30a-5:00p) & Mon.-Fri (7:30a-5:00p).
